ABOUT ME

My name is Matin Mohammadi. I am 18 years old and I love web design. I have been designing for 2-3 years. I try to have the highest quality and quantity of my projects. Creativity is the most important issue in this area. You can see this in my sample designs. I have the ability to design a beautiful and attractive website using WordPress and plugins of this system.
I'm a web designer... ☺

EXPERIENCE

Personal Website Design

2020 - 2021

ARCHITECTURE SITE

My first website design experience was about personal websites that I implemented for my employer. You can go to my Instagram page and see the site demo.

Example Of Corporate Website Design

2022 - 2023

LEGAL FIRM WEBSITE

My second design experience was related to corporate websites. This site I designed was about a law firm with the fictitious name Verta that I recently designed and implemented. Honestly, it was the most attractive site I saw among the legal sites in Iran.
